

Constant current

Product Features

- Constant current driver
- Isolated,delivering up to 10W of power.
- Short circuit,over current and over voltage protection.
Up to 89% efficiency.
- 2 years quality warranty

Technical Specifications

Model No.	HZD010BXI			
Input Voltage Range	85-265V/AC			
AC Frequency	50/60Hz			
Input current	0.12Amax			
Setup time	<500ms /220Vac			
Output Current	250mA	320mA	600mA	1250mA
On Load Voltage	36-48V	18-36V	9-18V	3-9V
No Load Voltage				
Output Power	10W Max.			
Power Factor	>0.5			
Efficiency	80-87%			
THD / THDW	--			
Dimensions	37*26*23mm			
Weight	38g			

Environmental Specifications

Operating Temperature	-30~45℃
Storage Temperature	-40~+70℃
Thermal Dissipation	Nature
Relative Humidity	5~95%
Isolation Voltage	--
Vibration	5-55Hz/2g,30Mimutes
Life Time	10000Hours,at TC max

Conformity & Standards

EMI	
Safety	--
Electromagnetic Immunity	
Harmonic Current Emissions
